

# MESSAGE FROM OUR DIRECTOR

When I look back at what our organization, staff, volunteers, and partners have accomplished over the past year, I am amazed and overwhelmed with gratitude to be part of this incredible community.

This year has been an extraordinary journey, and I want to thank all of you for your passion, commitment, and ongoing efforts to support our libraries. Thank you to our Board of Trustees, volunteers, Friends and Foundation for your enthusiastic advocacy, time, and unwavering support. A huge thank you to our amazing staff, who bring an infectious energy and effort to work hard to our libraries every day. Thank you to the local businesses that partner with us in the Read Local, Shop Local program, as well as the nonprofit and other organizations that partner with us in outreach and programming to engage our community.

And, of course, we are always grateful to everyone who participates in our programs, utilizes our resources, and visits our libraries. We are humbled by your support and committed to serving your needs.

Our efforts the past couple of years reflect our dedication to continually improving our resources and services. We have increased our outreach and our footprint in the community with new technologies, including a user app and two library materials vending machines, one at Prime Pizza and one destined for the west side of Altadena. We updated the Read Local, Shop Local program, relaunched our fabulous Fab Lab with a bevy of new equipment, expanded our Library of Things collection, and extended access hours at the Main Library. We also added a new van, dubbed the Curiosity Connection Volume Two, which will allow us to better support Little Free Libraries and provide new services like Homebound Delivery to bring our resources to everyone in our community.

As we look forward, we will soon begin work preserving, protecting, and restoring our libraries, beginning with the Bob Lucas Memorial Library & Literacy Center in spring 2024. These efforts will improve the look, safety, and access of our libraries, making them fun, flexible spaces for future generations of Altadena residents.

Thanks to your support, we plan to expand the footprint of the branch library by 50% and add an outdoor reading court. Renovations should take about a year and once complete, the branch library will reopen, and the Main Library will close to begin its update and restoration. We hope to reopen the Main Library in late 2026, just in time to celebrate the Altadena Library District centennial!

We are excited about the future, and we can't wait to share it with you.

Respectfully,

**Nikki Winslow**  
District Director

## Building Projects Progress

*Thanks to the incredible support of the community through the passage of Measure Z in 2020, the Altadena Library District has embarked on an ambitious multi-year project to repair, modernize, and improve the Main and the Bob Lucas Memorial Library.*

The design process for the Bob Lucas Library additions & renovation reached a new milestone. In August 2022, the library district provided the Design Development documents for review, shared them at outreach events, and welcomed community feedback through comment cards and an online survey.

The design documents then went to the Board of Trustees and were approved in late September. The library district began working with the County of Los Angeles Planning Department to acquire a Conditional Use Permit, which is required to obtain building permits.

The district also received word in September that it was awarded \$7.5 million in infrastructure grants from the California State Library to be used for renovations and upgrades.

The special tax funding the building projects appeared on local property tax bills in October 2022.

Main Library Preliminary Design

In early February, the district, Rachlin Partners, and Anderson Brulé Architects presented preliminary schematic designs for the Main Library renovation and again welcomed feedback from the community.

In partnership with the Christmas Tree Lane Association, the Main Library closed early on the second Saturday for the Tree Lighting Ceremony & Winter Festival (the first time since the pandemic). Elected officials and thousands of people were in attendance.

Both libraries held plenty of holiday events, such as winter crafts and storytimes, as well as a district-themed lotería night.

**January 2023**

During the Board of Trustees’ January meeting, the National Demographics Corporation, the district’s demographic consultant, held a short presentation and open discussion about the redistricting process. Community members were invited to provide feedback about how they wanted to see district boundaries drawn.

**February 2023**

Celebrating diversity and Black History Month, the library staff put together a full program of events. These included SongAgain, a program led by Poet Laureate Peter J. Harris with guest poets and musicians creating an entrancing sonic tapestry, a movie screening and book discussion of “The Hate U Give,” storytimes, and an author talk (in partnership with the Altadena Historical Society) with William Gould, who discussed his book, “Diary of a Contraband: The Civil War Passage of a Black Sailor.”

redistricting maps provided by the National Demographics Corporation.
